The lovely Japanese summerhouse is situated in a real Japanese setting surrounded by bamboo and a lazy river. Ideal for champaign breakfasts, picnic meetings, afternoon tea parties, bachelor parties; all this in a spacious garden with abundant bird life.

The Bonfire Boma is ideal for spit braais and potjiekos. This is a very good spot if you want to entertain outside under the stars.

The Stable is located close to a wetland with water birds and is suited for intimate functions in a rustic setting. It is built in a horseshoe shape and the centre of it is ideal for a huge bonfire.

Our larger function hall is ideal for weddings, and very well aired for those hot December days. One has a beautiful view of the well-groomed gardens; which is also the perfect setting for wedding pictures.

Our large pool is the centre of our entertainment area and always a popular choice for pool and braai parties in the summer. We have a shallow baby pool for the smaller ones. After a hot day's driving or hours of conferencing, we invite you to spoil yourself with a sundowner and a swim.

The lounge is the ideal place to hibernate. It is also the ideal size for kitchen tea's and stork parties.

Our Dining room can seat up to 25 people and is much more personal than a Restaurant. In Wintertime we light the fire to add to the coziness and in summertime we extend the dining room out on to the patio overlooking the garden.

The bar is the place to meet at the end of the day. Play a game of snooker on our full size table while having a drink or a cup of coffee. One can incorporate the poolside patio or the outside patio overlooking the gardens when booking a party in the Bar area.
